

We have had reports of **INCORRECT SETTLEMENT DATA** populating your browser. Accurate pivot data is **CRITICAL** to your trading.

### Set Your Browser to CLEAR THE CACHE each time it closes:

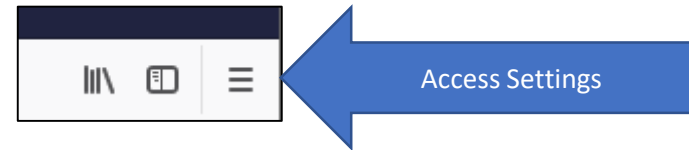

#### Chrome

1. Open the Chrome Browser
2. Open the “Toolbar” and select “Settings.”
3. Scroll to bottom and select “Show Advanced Settings.”
4. Click “Content Settings” button located under the “Privacy” section.
5. Look under the first section labeled “Cookies,” then find “Clear on Exit” and add the URL for the CME website you are visiting to document current settlement data.

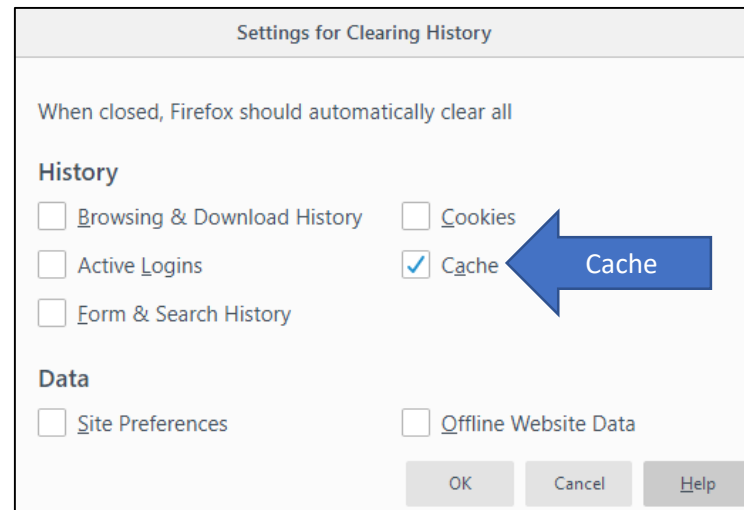

# Firefox

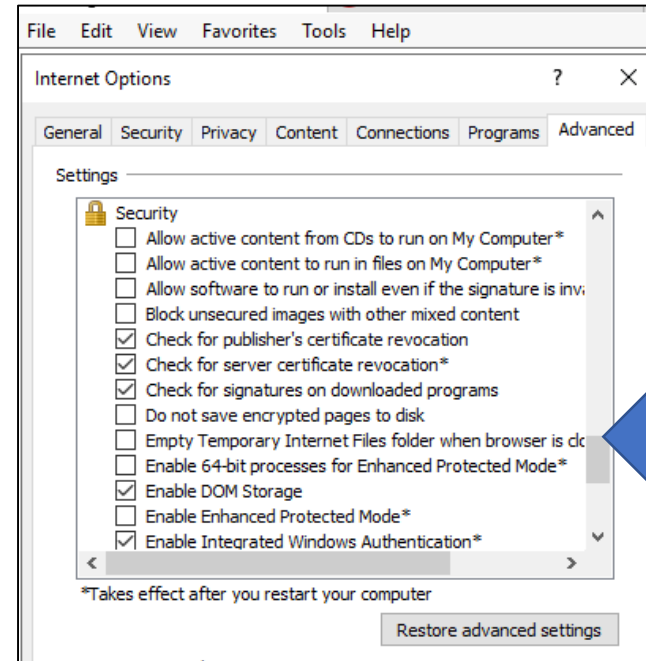

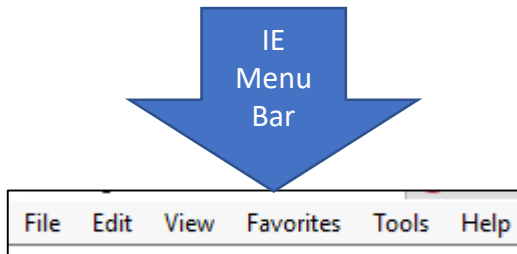

1. At the top right of the Firefox browser window, click to access settings and then select **Options**
2. Select the **Privacy and Security** panel
3. Scroll down to **History** and set Firefox to use custom settings for history
4. Select the check box for **Clear history when Firefox closes**
5. Click the Settings button. The Settings for Clearing History window will open
6. In the Settings for Clearing History window, check the box next to **Cache**.
7. Click **OK**

# Internet Explorer

1. Open IE Browser
2. Using toolbar menu Click **Tools>Internet Options>Advanced tab**
3. Scroll down to the Security section and then check the box: **Empty Temporary Internet Files folder when browser is closed**
4. Click **OK**

# Microsoft Edge

1. Open Browser
2. Click the menu at top right
3. Choose **Settings** then **Privacy and Security**.
4. Choose “Cached data and files” then “Always clear this when I close the browser” move button to “On.”
